

# Partition wall assembly

Interior.

## Customer benefits:

- Saves time and money when connecting glass elements
- Highly transparent for clear connections with compensatory and sealing properties
- Edge-passivated outer edges provide dirt-repellent properties → less effort required to clean

## Products:

- DuploCOLL® CPT 9621 (2 mm)
- DuploCOLL® CPT 9630 (3 mm)
- DuploCOLL® CPT 9640 (4 mm)

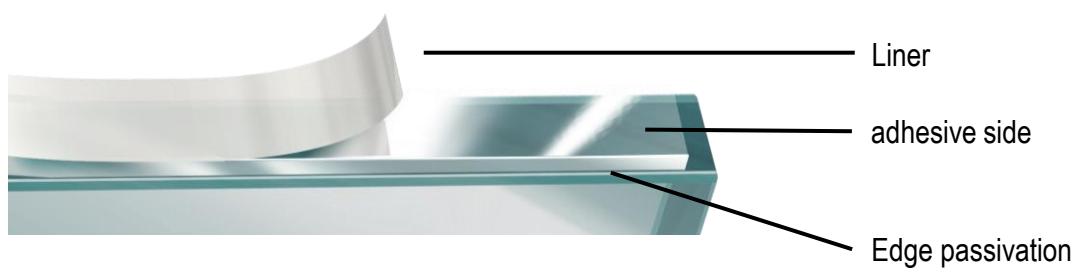

# Partition wall assembly

Interior.

## Material properties:

- Excellent material retention
- Viscoelasticity compensates for glass tolerances
- Excellent initial tack; strong, long-lasting adhesive strength
- Resistant to cleaning products and softeners

## Lohmann's patented edge passivation process:

- This production process creates adhesive tape without adhesive edges
